Mon day, 16th January, 1853.
IMPORTANT SALE OF 22 VILLA LOTS,
Situate in the village of Petersham, fronting the Sydney Road, facing Mr. T. Weedon's Cherry Gardens Inn, the Canterbury Road, and the Petersham estate.

BURKIS AND LAMBERT, have been favoured with instructions to dispose of this highly desirable property, by public auction, at their Rooms, 451, George-street, on MONDAY, 16th January, 1853, at 11 o'clock precisely, as per plan now on view.

☞ The present enormous rate of rents in Sydney, coupled with the impossibility of obtaining Dwelling Houses to meet the demand at any price, renders this opportunity of purchasing a Valuable Freehold on the chief Road of the Colony on easy terms particularly deserving of notice. The wonderful increase in traffic on the Parramatta Road, caused by the Gold Discoveries, makes the locality valuable beyond all former experience, and most particularly the Roadside Allotments for business purposes. The Railway Line, which they are at a short distance from, will, when in operation, bring them within a few minutes' journey of the metropolis itself.

THE 22 ALLOTMENTS
Consist of
Six on the Parramatta Road, having frontages of from 67 to 88 feet, by depths of from 150 to 200 feet.
Twenty Allotments in George-street, having frontages of from 56 to 130 feet, by depths of 140 to 150 feet.
Three Allotments in Church-street North, and
Three Allotments in Church-street South, opposite the Church Reserve, having from 63 to 64 feet frontage, by depths of 160 to 170 feet.
The allotments adjoin the estates of W. Macdonald, Esq., Dr. Romney, Mr. Weedon, and the estate adjoining James Norton's, Esq., just opposite the Petersham Estate.
☞ The Plan, by Mr. T. Sutherland, surveyor, on view at the Auctioneers', shows every particular.
Terms—25 per Cent. cash deposit, the residue by approved Bills at 3 and 6 months, dated from day of sale, and bearing 8 per cent. interest.
For particulars of Title, apply to JOHN DUNMORE, Esq., Solicitor, High-street. 6467

The ship Prince was yesterday relieved from quarantine by the Health Officer, and took her berth in the midstream the other ships at anchor in Hobson's Bay. The Chusan had a fine day run from Launceston Heads, under the command of Captain R. Craig. We are happy to state that, at the time of the Chusan leaving, Captain Saunders was continued convalescent, the ship still anchored in his bed. The Wanderer, from Sydney, 5th ult, was contrary winds on leaving the Heads of that port, and on Sunday, 8th, off the Heads of Newcastle, the wind shifted, and on the night of the 9th ult., she was again off the Sydney Heads, from which a very fine passage has been made. The Sophia, from Launceston, Adelaide, had been placed in quarantine, the death from scarlatina had occurred during the voyage, and the cases of fever were neutral after she anchored; some of the employment were landed on Torrens Island—Argus.

Yesterday was a day of considerable importance to Geelong—a day that may possibly yet be looked back to with much gratification and interest. On that day, Geelong, some of the first colonial capacity in the world, who being for thirteen years the commercial chief and president of the powerful firm, Melbourne, first claimed a steamer of her own. The Hero, which had been purchased in Sydney, arrived about one o'clock. On her arrival off the wharf, she was boarded by the Mayor, and several of the other gentlemen connected with the company, all of whom seemed perfectly satisfied with their purchase. The Kosciusko Sydney Herald on Saturday last, at half-past seven o'clock, in company with the Shamrock, a strong trend wind was blowing all day, and by night the Hero had nearly crossed out of sight of the Heads of

that special contracts might be entered into between the Company and the consignors of gold by the escort, by which any fears on this ground were dissipated; and the form of receipt given by the Government Escort of South Australia was produced, by which the limited liability of the former was clearly defined. It was, however, agreed that it would be much better on every account to apply for an Act of the local legislature, and the motion of Captain Towns was unanimously agreed to.

Mr. J. G. Cohen then moved, and Mr. Wallis seconded, the following resolution:—"That it is the recommendation of this meeting that the operations of the Company be commenced forthwith; the Directors using all despatch in obtaining the Incorporation of the Company." Mr. Cohen drew particular attention to the fact, that those who sought to limit the liability of the proprietary had not the remotest idea of lessening the security of the consignors of gold by the escort. What they desired was, to assume the same responsibility as was taken by the Victoria Private Escort Company, and by the Governments both of Victoria and South Australia. With that responsibility the miners at the Victoria gold fields were perfectly satisfied; and as the Sydney Company intended to use every precaution which possibly could be taken against robbery; and further, as they meant to demand ample security from their superintendents, and all other servants, the miners would be assured that very slight chances of loss to them could be presented. The motion was then put and carried *nem. con.*

Mr. George Rees and Mr. Perry, having been appointed scrutineers of the ballot for directors, declared the result as follows:—

Mr. G. A. Lloyd	128
Mr. J. G. Cohen	123
Mr. M. E. Murnin	103
Mr. E. M. Tobias	97
Mr. F. Ebsworth	85

On the motion of Mr. T. Skinner, seconded by Mr. Hale, it was agreed that the above gentlemen be elected the first Directors of the Company.

Mr. John Keele and Mr. R. S. Ross were elected Auditors of the Company.

A vote of thanks was then unanimously given to the Provisional Committee for the energy and ability displayed in initiating the preliminary proceedings of the Company. Mr. J. G. Cohen returned thanks. The usual vote of thanks was then given to the Chairman, and the meeting broke up. It was mentioned as a just subject of congratulation, that, with the exception of two allottees, every applicant had paid up the full amount of the deposit upon his allotted shares. It was further stated, as a promising fact, that the official statement of the South Australian Gold Escort showed that from its starting, until the 31st of August ult., it had, notwithstanding its very heavy preliminary expenses, not only covered them all, with a balance of some £1700 in hand, but had the whole of its horses, carriages, uniforms, accoutrements, and full equipments, paid for.

Water Police Office.—Yesterday, the Superintendent of Police and Mr. C. H. Chambers were engaged during the greater part of the day in hearing six cases of wages, wherein a particular point was involved. The claimants were six seamen belonging to the brig Giraffe, and the defendant was Captain Jackson, commanding her. Five of the men had shipped here on the 24th ultimo, having verbally agreed to proceed in the brig to Melbourne, at the rate of £4 each, for the run. Upon attempting to leave Port Jackson, during the late heavy weather, the brig was driven on shore, and part of her cargo of coals was transferred to the Sydney steam-ship. She was afterwards got off, brought back to her wharf, and the destination of the voyage changed to Newcastle and Sydney. During this time the crew, at their own request, were placed on daily wages; viz., nine shillings per diem during the time they remained at work. But when asked to sign articles for the new voyage, they demanded in addition to the daily wages received by them, the "run money" for the abandoned voyage, and refused to sign for the new one, even at the rate of £11 per month. They had each signed receipts for the daily wages paid to them; and the Bench ruled in each of these five cases, that the claim could not be sustained, and dismissed it accordingly. In the sixth case the seamen had shipped at Newcastle for Melbourne, the Giraffe to call at Sydney for more hands. The bench made an order in favour of the claimant for £2 with costs.—John Smith, a seaman belonging to the Canmore, was charged by Captain Green with being absent without leave. The prisoner had been mulct by this bench in six days' pay for refusing to do duty; and ordered to return to his ship instanter. This he failed to do, and a warrant was again taken out for his apprehension. When found by the constable he had just bought a new bed, and was making off in different directions from that of the ship. The Court sentenced him to be imprisoned and kept to hard labour for four weeks.

Horses.—Purkis and Lambert sell, this day, at Carters' Barracks, at ten o'clock, two police horses.

Another Bank.—We notice in the London papers an advertisement of a bank to be called the English, Scottish, and Australian Bank. A Mr. J. W. Pillans signs as Secretary *pro tem.*, and a list of directors was shortly to appear.

The Railway Company.—Some very interesting documents respecting the Railway Company were laid before the Legislative Council yesterday. It appears that the directors had submitted to the government a statement, showing that without material assistance it would be impossible for them to proceed with the work; this letter having been submitted to the Executive Council, that body recommended that subject to the approval of the legislature. Debentures to the extent of £150,000 should be issued by the government, and applied to the purposes of the company, at the rate of £3 for every £2 of private capital submitted, and that the government should nominate two directors, one of whom should be president. In reply, the directors thank the government for the proposal, assent to the nomination of two government directors, but suggest that it would be contrary to all precedent for the board thus constituted not to have the power of appointing its own chairman, and request that this point may be reconsidered, adding that if the government should see fit, they would have no objection to three directors being appointed by the government. In this state the subject is submitted to the Legislative Council.

Anniversary Regatta.—A meeting of gentlemen interested in the promotion of the Annual Regatta in celebration of the Foundation of the Colony will be held this afternoon, at the Custom House Hotel, Macquarie-place, at four o'clock, when it is hoped every friend of aquatic sports will give his attendance.

Police Office.—The business of the Central Police Office was yesterday transacted by Alderman Egan, Mr. Hill, and Mr. Peck. The Police Magistrate has been for several days prevented by severe indisposition from taking his seat on the Bench, and it is not expected that he will be permitted to attend to business earlier than Monday or Tuesday next; Alderman Egan, in the mean time, will see that no inconvenience shall be experienced by the public in cases where a single magistrate can act.

Obscene and Insulting Language.—Frederick Katen, Ann Smith, Joseph Horne, and John Byrnes, were each severally convicted, yesterday, under the Vagrant Act, of having used obscene and insulting language in the public street, and sentenced to pay 20s. penalties, with the usual alternative of 14 days imprisonment.

Licensing Act.—James Stewart, of Botany, yesterday, appeared before Messrs. Hill and Peck, to answer an information for having, on the 23rd November, sold to one Joseph Edwards one glass of rum, not having a license to sell, as required by law. Constable Joseph Edwards, of the Sydney Police force, deposed, that on the day named he was at defendant's house from early morning to late at night, and called and paid for sixteen glasses of rum, winding up all with a half-pint in a bottle, which he took away, and now produced; defendant's wife served him, and received the money; defendant himself was present part of the time. Mr. Nichols, for defendant, submitted that the charge must be dismissed. The evidence was, that defendant's wife had sold; and if his client was amenable at all, it was for permitting another to sell, he not being a person licensed by law to retail spiritous liquors. Mr. Cory applied for leave to amend the information, so as to meet the evidence. The bench thought the prosecutor was not entitled to amend under present circumstances, where the amendment asked for was the substitution of one offence for another. The better course was to dismiss this complaint, leaving it free for the prosecutor to proceed for the other offence.

Horse Stealing.—On Tuesday morning, Mr. George Hill was returning from the country by the Goulburn mail, and immediately on his arrival was informed that a favourite horse of his, named Whisker, had been stolen from his paddock. While the information was being given to him, some relatives of Mr. Hill, who had also been coming down the country, stated that they had seen the horse in question ridden by a man in company with four others on the Parramatta Road, all of whom were armed. Although there was no mistake as to the horse, the friends of Mr. Hill refrained from claiming it, fearing it would induce the party having it to abscond out of the reach of pursuit. Accordingly, they hurried on to Sydney, and informed Mr. Hill of the circumstance at seven o'clock in the morning; and Mr. M'Lerie, Superintendent of Police, having been referred to, acting Corporal Hancock and trooper G. O'Neill were despatched in pursuit of the party, in company with Mr. Binnie, on the part of Mr. Hill, by eight o'clock, with instructions to arrest the party of men of whom information had been given. The officers reached the toll bar at Parramatta by nine o'clock, and heard that five horsemen, answering the description, had passed through about seven o'clock. On enquiry they found that three horsemen had passed through the western toll bar, and the police and Mr. Binnie started in pursuit, and overtook them near Lawson's, when finding they were not the parties they were in search of, they returned to Parramatta, and started again on the Windsor road. At Parramatta the horses of the police were knocked up, but being promptly remounted by Captain Scott, they continued the chase, and about half-past twelve o'clock, as they rose the hill in view of the town of Windsor, they saw the five men dismounting and going into a public house on the road. One trooper at once rode up to the back of the public house, and the other and Mr. Binnie to the front, and after a short struggle the whole of the men were captured, and taken to the Windsor watch-house. The party had with them two double barrelled guns, one double barrelled rifle, two brace of pistols, powder, caps, and a large quantity of bullets. On the following morning the men were brought before the Windsor Bench, when the presiding magistrate, strange to say, proposed to discharge them, because neither the troopers nor Mr. Binnie could swear to the man who rode Mr. Hill's horse. Ultimately, however, they were remanded, and steps have since been taken to have them brought to Sydney. Another of the horses has been identified as being stolen from Mr. Neich, of the Parramatta Road. Too much praise cannot be awarded to the troopers who started so promptly, and who, after a pursuit of fifty-four miles in four and a half hours, so gallantly captured the whole of this armed party.

Stolen Property.—In a case which was disposed of yesterday, at the Criminal Court, much inconvenience and delay was occasioned by the want of a complete chain of evidence as to how certain property said to have been stolen had passed from the possession of the prisoner to that of the officer who produced it in Court. The Attorney-General complained publicly, as he had done on other occasions, of the want of care which is too frequently manifested by police officers in getting up of cases, as to this important feature. We have ourselves known several cases break down from a defect in this kind of proof. Stolen property is doubtless taken very great care of by the police, but between the time of its being taken from the prisoner and that of its production in Court, it often passes through several hands. Now unless there is positive and complete evidence of the safe keeping of stolen goods during the whole of this period, so as to show the absolute impossibility of its having been tampered with, the chain is incomplete. Police officers should remember that, without direct proof of this nature *at the trial*, all the sealing, initialling, and locking up, to which they may resort, will in no way serve the ends of justice.

Important Sale of Gilman's Stores.—The grocery trade and others, desirous of laying in stock for the Christmas demand, are particularly invited to attend the sale of Gilman's stores, from the house of Crosse and Blackwell, comprising a splendid assortment of goods just adapted for the present season, which, with a variety of other goods, will be sold without any reserve, by Mr. George A. Lloyd, at the City Mart, this morning, precisely at eleven o'clock. Full particulars in advertisement.

To the Editors of the Sydney Morning Herald.

Melbourne, November 30.

Gentlemen,—The immigration into this colony from Europe still continues on a large scale, there having been landed during the month 6,559 souls. On the other hand we should think that a greater number of diggers have left us and returned to their homes in the other colonies for the purpose of getting in the harvest.

The apprehensions of scarcity have been completely dissipated, and our anticipation in last circular, that we should have ample supplies till harvest, has been more than realised by the extensive importations from all the neighbouring colonies, which must have created a considerable surplus stock here; and this, combined with the languid demand, the proximity of harvest, and the chance of receiving occasional if not regular supplies of flour from Europe and America, will probably have the effect for a time of making this the cheapest colonial market for breadstuffs.

Flour, which at the beginning of the month opened dull at £24, speedily gave way, and may now be quoted £23 to £23, with a decided downward tendency, which nothing but a complete cessation of colonial supplies can arrest. Wheat is worth 9s. 6d. per bushel at the mills. Oats have receded to 10s. 6d. per bushel, and are less in demand. Cracked maize is worth 9s. 6d.; and Bran 2s. 9d. per bushel.

Potatoes are now rather inferior in quality, but even good samples would not fetch more than £12 per ton.

Bacon and Cheese have been steady during the month, but butter has fallen 4d. to 6d. per lb.

The importations of Wines and Spirits from England have been considerable. Good Wines maintain their price, but Martell's Brandy has receded to 15s., with a downward tendency. Sugar has been plentiful, quality very various, but prices ranging the same. Tea of good brands comes in slowly, and is in good demand. Tobacco still a dull sale

Building Materials have again fluctuated a good deal. Timber is now in fair demand, but Wooden Houses are very dull.

Gold has advanced from 69s. to 69s. 9d. The diggings have been in a very unsettled state during the month, and many rumours have been afloat as to their speedy exhaustion; but these seem practically contradicted by the escorts, which have brought down 349,185 ounces, or 25,000 ounces more than last month, notwithstanding the numerous departures.

The Wool comes down freely. There has been only one public sale, when 8½d. per lb. was obtained for greasy wool, and 15½d. per lb. for fine. Freights to London, ½d to ¾d. per lb.

We remain, Gentlemen, yours respectfully,

COFFEY, HILL, AND CO.

DIED.

On yesterday, the 9th instant, at the residence of her son, David Johnston, boot and shoe maker, Botany Road, Mary Graydon, relict of the late Robert Johnston, of Derryhuhan, county Fermanagh, near Enneskillen, Ireland, in the 90th year of her age.
